

MARSHALL LIST 2023

Times for events are start times, but you need to be on site before given times.

Event secretary will advise you of your duties, no need to worry as it's mainly wearing a high vis and sticking your arm out in the direction of the course to be taken by the riders.

If you are unable to carry out your given duty, try and change with someone else.

Remember that the race can not go ahead without marshals.
